PRICE LIST—SPRING 1926

Thomas Meehan & Sons

380 Vernon Road, Mt. Airy
Philadelphia, Pa.

UNIFORM TERMS

1. We give 5 per cent. discount for cash with straight order for plants, or 3 per cent. on orders for plants and planting service.
2. We give credit to end of month following date of bill to customers of approved standing.
3. We charge interest at 6 per cent. per annum or not less than 2 per cent. minimum from date of bill on overdue accounts.
4. We guarantee all plants true to name and up to specifications, but at no greater liability than to replace with correct kinds without charge or cost of transportation.
5. For goods damaged in transportation, other than by our own conveyance, we guarantee proper adjustment on the part of the carrier up to 50 per cent. of the bill, and will ourselves conduct the claim.
6. We will refund new plants at half the prices then current for those that may die within seven months, with an additional allowance of ten per cent. for transportation, where necessary, provided the bill be settled in full within the monthly period mentioned in paragraph two. Planting charges, where work was originally done by us, less twenty per cent.
7. All claims for damages to plants must be made within ten days of receipt of goods, and for death of plants, within seven months.
8. We are anxious to please, and to treat our customers fairly. Always frankly call our attention to any apparent fault.
9. We give the same good attention to small orders as to large.
10. Our plants are freshly dug to order. This enhances the value to the purchaser. But it also makes the preparation of a small order expensive. We charge 50 cents additional on each order under five dollars in herbaceous perennials or potted stock, and one dollar on each order under ten dollars of trees, evergreens and miscellaneous goods.
11. Local customers who will call at the nursery for their own goods, saving our delivery, may save this extra charge on small orders, provided the order is given in advance and called for later. Orders cannot be dug while the customer waits.
12. Purchasers are welcome to come to the nursery and select their own goods, but special selections and clumps of perennials will be charged according to value, irrespective of published prices.

This can be used as an order blank. Write the number desired
in the quantity column.
